CHAINS

Attachment chain (length 220 mm) makes it easier to ensure that a padlock does not get mislaid while the object that it secures is open. These chains must not be used as part of a security installation.

Chains are available in two sizes, 805349 for a 8 mm shackle and 805351 for a 10 mm shackle. 810270 for a 14 mm shackle.

COVERS

Different plastic covers are available to provide additional protection against dust and impact. 808248 to suit PL330 805649 to suit PL340, PL341 and PL342.

DO-IT-YOURSELF PACKS

The following models of padlock are available in Do-it-Yourself packs: PL350, PL350/5 | PL342 | PL341, PL341/50 | PL340, PL340/50 | PL330, PL330/50 | PL320, PL320/50, 3 x PL320 | 3020, 3021 | 3022 (2 x 3020) | PL200, PL202, PL204

ABLOY® PADLOCKS

Technical brochure

ABLOY® padlocks offer a selection of different key systems, key profiles and key security levels.

SECURITY IS THE KEY TO SUCCESS

Everyone needs to be secure.

Governments, companies, organizations and private individuals.

Criminal acts, violence and breakdowns in information transfer, production and distribution occur increasingly often in everyday life - good reason to ensure that there are no gaps in your security. Everyone can then concentrate on what is most important to them. Without having to worry.

PROVEN DURABILITY

ABLOY® padlocks have been designed and manufactured to not only meet the requirements of the EN12320 padlock standard, but exceed as the requirements of our own tests are significantly higher.

ABLOY® padlocks continued to operate smoothly throughout exhaustive durability tests such as the acetic acid salt-spray test – they are therefore the best possible alternative

for use in unprotected locations where the environmental conditions are severe. Abloy Oy has paid particular attention in design of environmentally friendly production methods. As a result we use the most modern and environmentally friendly surface plating facility in Finland.

All the operations are qualified with the ISO9001 and ISO14001 certifications.
