

ABLOY® NOVEL KEY

ABLOY® NOVEL key has a new fresh outlook. Plastic key bow with nickel silver shaft makes it pleasing to handle and use. Ten different color identifications available.

EASY TO USE

Key meets no resistance when it is inserted into cylinder. Convenient reversible key. Indications to express cylinder operations.

TOUGH AND LONG-LASTING

Improved resistance against wear and tear (AWS). Smooth, durable and reliable operation, resistant to dirt and freezing.

KEY SECURITY

Duplication of keys is always strictly controlled. In order to get additional ABLOY® NOVEL keys, you must have related keycard.

ABLOY® NOVEL

Convenient long lasting security

NEW PATENTED ROTATING DISC MECHANISM

The unique **ABLOY®** detainer disc cylinder mechanism has been a symbol of high security and superior performance ever since its invention. Long lasting working life for **ABLOY® NOVEL** is based on patented improved resistance against wear and tear (AWS) -system. Because of the AWS the effect of wear to the cylinder operation is minimized. Its new patented functional features give more exact user experience.

The **ABLOY® NOVEL** detainer disc cylinder, keys and key blanks are protected by patents world-wide until 2027.

MEETING DIFFERENT STANDARDS

Retrofit door locking cylinders can be supplied to fit most applications world-wide. Product range includes suitable products for different markets and their special needs.

ONE KEY FITS ALL

ABLOY® NOVEL locks can be keyed into the same master-key system using one key profile. That means that one key can open several locks if needed.

SUPERIOR MASTER-KEYING POSSIBILITIES

The design and operation principle of disc tumbler cylinder make possible to create master-key systems that fulfill your precise specifications. The exceptional master-keying capabilities make **ABLOY® NOVEL** the ideal choice for applications where wide master-keying possibilities as well as high security are needed.

KEY SECURITY

To guarantee maximum customer security, the **ABLOY® NOVEL** system offers several key profiles and various levels of key control to satisfy individual security requirements. Security is also optimised by the vast number of key combinations available with **ABLOY® NOVEL**. Duplication of keys is always strictly controlled. In order to get additional **ABLOY® NOVEL** keys, you must have related keycard. These safety measures combined with **ABLOY®**'s reliable procedure makes it safe.

CUSTOMER-RESTRICTED LEVEL

Duplication of keys can be controlled either by the **ABLOY** factory or on an exclusive basis by the customer, allowing total in-house control.

FACTORY-RESTRICTED LEVEL

The supply of keys is controlled either by the **ABLOY** factory or an **ABLOY** sales office, ensuring maximum security.

AUTHORISED ABLOY SECURITY CENTRE LEVEL

Keys are supplied by an authorised **ABLOY** security centre under a contractual agreement.
